

Many Enjoy Annual Canoe Carnival

FINE WEATHER ADDED TO PLEASURE OF EVENT

Cold Rains Preceding Day Caused Many Cancellations

The annual canoe carnival down the famous AuSable river that was staged here last Sunday was one of the most successful this city has ever put on. The weather was delightful except for an occasional heavy cloud obscuring the sun's warm rays when the air was slightly chilly. Threatened rain of the early hours of the day did not mature so the voyagers had a most enjoyable trip.

Unfortunately the weather preceding the event for several days had been cold and rainy and resulted in keeping away many who had filed reservations. At least 50 reservations were not used. Thus, naturally, the number who took the down-river trip was smaller than usual. But those who did make the journey are glad they didn't miss it.

Edgar M. Woods, staff correspondent for the Bay City Daily Times, who was among the voyagers, in his paper published the following interesting account of the event.

Grayling Plays Host To Crowd Which Revels In Beauties Of AuSable

To more than one hundred people who accepted the invitation of Grayling to join the annual canoe parade down the AuSable, memories of gorgeous scenes of the river-ways were today stamping an unforgettable picture of one of the most successful canoe carnivals that the festival city of the north has ever staged. There have been other years when the participants in the parade were more numerous, but the conditions prevailing Sunday made the trip down the 50 miles of river a wilderness of rugged beauty one of the most awesome in the history of the event.

Heavy clouds that threatened rain darkened the sky as the first boats of the parade got under way shortly before 8 o'clock, with a veteran river guide accompanying each craft to point out the historic and lore-bound sites along the twisting, rushing river. Rain, however, failed to materialize and the clouds that swung their fantastic shadows along the river-ways served but to add a further note of mysterious beauty to the scene where tall pines crowded thickly and closely to the water's edge, where high hills pushed sharply upwards from the shoreline and eroded sides bore mute evidence that here was a roadway where the lumber men of another day rolled their logs to the river for the historic spring drives down to Oscoda-Au Sable.

Sun Creeps Out.

In the afternoon as the parade of boats began to pass through the canyons of lofty pine harboring here and there summer homes that seemed like fairy book pictures transplanted into existence, a warm sun swept from behind the fast-vanishing clouds making the trip as warm and pleasant as that of a more summery day. It was not again until the shadows of the pines

began to stretch across the river and the quaint jingle of cowbells from some nearby herd began to drift and reecho across the river that the canoe voyagers were made cognizant of the fact that they were in the north country where the days are hot and the nights are cool.

Before swinging down the afternoon stretch, a mid-day stop was made at Stephan's Landing where the travelers were served dinners or enjoyed the luxury of picnics on the banks of the AuSable. To add an hospitable touch to the scene, many Grayling residents had driven to the Stephan bridge and crowded against the railing to cheer the canoeists as they drifted safely to a landing or to joke with them in case they happened to be one of the up-sets.

Turn-overs on Sunday's trip were few—probably because the chill air wasn't conducive to a cooling-off process in one of the northland's most ice-like streams. But here and there along the river the travelers were to be seen sunning themselves in an attempt to dry out from a ducking received when they disregarded the boatman's advice or attempted to guide their own craft through the gurgling whirlpools or swift-racing rapids. But it was all taken as but a part of the trip, and although there were soaked canoeists there was nothing but a spirit of festivity apparent at all times.

Arrive Until 8 O'clock.

The advance boats of the parade arrived at Lincoln Lodge at about 4 o'clock with the remnants of the flotilla arriving at irregular intervals up until eight o'clock. And then came the trip back to Grayling over a wild-life area that abounds in game, often visible to the watchful travelers, and the privilege of diving into a well-cooked meal that was only too welcome after the trip down the AuSable that had seemed only too short.

Handling arrangements for the big show this year were Holger Peterson, Orel Levan, George VanPatten and Alex Atkinson. The enthusiasm with which the canoeists who ventured to make the trip evidenced at the close of the long ride was proof sufficient that the committee had done a good job, one of the best in the history of the annual Grayling canoe festival.

MRS. H. A. BAUMAN HOSTESS AT DINNER

A low spreading bouquet of garden flowers centered the long table at which were seated the sixteen guests of Mrs. H. A. Bauman, at a very charming dinner, Friday evening.

When the scores were tallied following an evening of contract and auction, Mrs. Oscar Schumann, Miss Lillian Norconk and Halford Kittleman were high.

Outside guests included: Mrs. A. E. Mason, Mrs. Helen Routier, Detroit; Mrs. Walter Woodson, Selisburg, N. C.; Miss Lillian Norconk, Empire, Mich.; and Halford Kittleman, Chicago.

Record Crowd At Old-Timers Picnic

"It isn't the scenery and it isn't the field sports that attract people to come here annually for this 'Old Timers Picnic,'" was one of the remarks by one of the speakers of the day, "but it is the friendships that bring them here."

And that seems to be the sentiment of everyone in attendance at the picnic Sunday. People were there from all over Michigan and a few from out of the state. The picnic was at Beaver Creek town hall as usual and was attended by the largest crowd in four years, according to Ted Wheeler, outgoing secretary.

The officers elected for the ensuing year were as follows: President—David Visnaw. Vice Pres.—George Annis. Treasurer—Chris King. Secretary—Minnie Hartley. Next year there is to be prizes given for the oldest resident present and one for the one coming the greatest distance.

The program of sports was carried out, as planned except for the horseshoe contest which was incomplete. The Hardwoods took the Jackpines in the base ball game, winning the prize bat and ball.

Prize winners in foot races were as follows:

Girl's race, under 12 years—Virginia Hanna.

Boy's race, under 12 years—George Zack.

Girl's race, over 12 years—"Toots" McEvers.

Boy's race, over 12 years—LeRoy Leslie.

Women's race—Alice King.

Men's race—Robert King.

Little Tot's race—Jacqueline Harwood.

Mrs. Frank Serven won the prize in the slipper kicking contest, kicking a slipper 56 feet.

Mrs. John Canfield Jr., won second.

EMERSON BATES PROMOTED TO CAPTAIN

Mrs. M. A. Bates has recently received the news from her son Russell Emerson Bates of his promotion to the rank of captain in the Coast Artillery Corps of the Regular Army. He is at present stationed in the Philippine Islands in command of Fort Drum, and of Battery E, 59th C. A.

Capt. Bates is a graduate of Grayling High School, 1918, United States Military Academy, 1923, Basic Coast Artillery School, 1924, Advanced Coast Artillery School, 1930. Upon graduation, from West Point, he was commissioned as 2nd Lieutenant, receiving his 1st lieutenant in 1928. He is now serving his second tour of duty in the Philippines, having been stationed there from 1927 to 1929.

Emerson, as he is known here at home, where he was born and graduated from High school, was for a period of four years an instructor at Michigan State College in military science and tactics. With the opening of the CCC camps in the country he was placed in command of the first group to be sent out which encamped near Luzerne, where he remained until he was again ordered to foreign service. This is his second time of serving in the Philippines.

Thruout his school years he was an outstanding student and his ability to acquire and to impart knowledge and his application to duties as an officer in the U. S. army, has brought him this splendid advancement of captain. We are sure his Grayling friends will join us in extending congratulations.

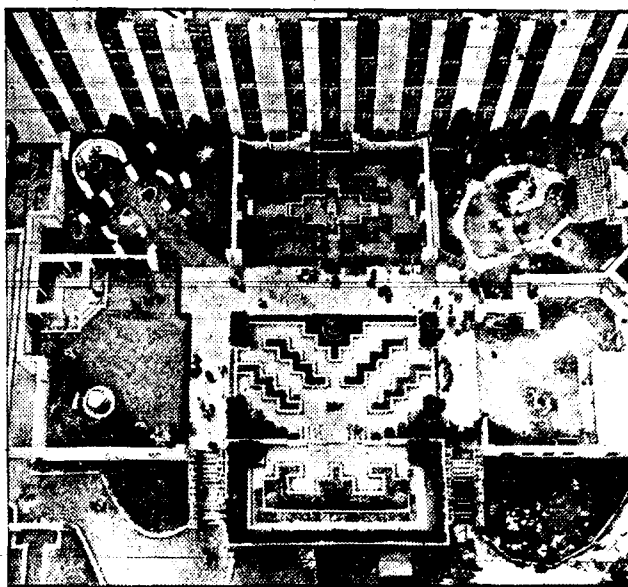

COWELL INSTITUTE OPENING BRANCH IN SAGINAW

The Cowell Institute is opening a branch school in Saginaw, teaching their many methods such as marbleizing, flexible mold making and novelty and art work. Their mold making material is a Synthetic Rubber composition which is a secret process found by them through their research work.

Mrs. Lou E. Burman, who has been associated with the Institute here for the past two years, acting as assistant manager, will be the manager of the school in Saginaw, located at 1000 North Hamilton St. Mr. Cowell will continue running the business here.

O. E. S. To Present Musical Comedy

The members of the Eastern Star believe that everyone loves a Showboat, and for that reason have chosen a new musical comedy entitled "Here Comes the Showboat."

The show is a strictly new up-to-date musical comedy furnishing two hours of genuine entertainment filled with comedy, drama, laughs and music and a setting of clever costumes and special scenery.

The setting is on the banks of the Mississippi in a little town not far from New Orleans. For the past twenty years the showboat, Dixie Belle, with old Captain Jerry, has landed at the same levee at Riverport, and as the play opens the same showboat is making its annual visit. Complications arise but a most ingenious trick of fate allows the show to go on.

The love interest is furnished by Solly, a little ward of Cap'n Jerry and Hal Stanton a Riverport boy. The comedy situation develops rapidly in the hands of old Captain Jerry, a matrimonial agency-bride-to-be, Sheriff of Riverport county, and a number of characters that become involved when one of the showboat actors takes a correspondence course in hypnotism.

The play is colorful as it is amusing, and is staged with a score of beautiful music, two numbers of jubilee and negro spiritual variety. The entire presentation is given before a background of fifty or more pretty girls who sing and dance their way through a half dozen catchy chorus numbers.

With this large cast and chorus "Here Comes the Showboat" promises to be the outstanding musical comedy treat of the season. Don't miss it.

Young Man Dies In Crash

John Hunt Anderson, age 22 years, was instantly killed early Sunday morning when his car left the road and hit a telephone pole north of Frederic. The young man whose home was in Detroit was vacationing at the cottage of his father James W. Anderson, on the North Branch, at LeVells, and was on his way to Horseshoe Lake pavilion from Grayling, when the "accident" happened.

The Anderson family have owned the cottage on the river for years and the young man had been coming each summer since he was a small child. He had become generally known in both LeVells and Grayling, and had made a lot of warm friendships that grew stronger each year.

The remains were taken to Detroit for funeral services and interment. Besides his father, who is president of the Monarch Governor Co. of Detroit, he is survived by three brothers.

YOUR HOME A STORE

Every housewife will testify that house-to-house peddlers and solicitors or orders for this and that are becoming a constantly greater nuisance. The peddler who boasts that his firm has no store is trying to make a store out of your home. You are expected to furnish a place where he may do business free from the expense which other merchants must pay. He insists on making you shop at his convenience, no matter how much it may interfere with your daily routine. He takes up your time arguing you into buying something that in most cases you neither want nor need. Sometimes you buy to get rid of him, when you ought to say: "This is a home, not a place of business, and I am not going to allow you to use it as a store. Good day." — Carl L. Weicht.

Legion Jottings

The Drum & Bugle Corps had a hard workout last Thursday evening and showed much improvement, owing probably to their trip to Flint to the State convention. We hope by next year to be able to go to Benton Harbor for the state meet but all members of the Corps will have to practice every drill night.

Saturday evening the Corps paraded the down town section and played several numbers to entertain the canoe carnival visitors who were here at that time. The crowd seemed to enjoy it very much and folks got quite a thrill watching the mascot cub bear "G. A. L.", who lead the parade.

Tonight, Thursday, the Corps will play on the streets again, going to Blackie's Restaurant to play as he is changing over his place into a restaurant and Beer Palace. He is doing a lot of improvement, and leave it up to Blackie to have a good place, as he is a hustler. Everyone in the Corps turn out at Hall Thursday evening at 7:15. This means you, "Buddy."

Wonder if the boys in the Corps thought they did not have to practice last Monday evening or felt that owing to it being Labor Day they should not practice. Let's all get out Thursday night and every night from now on that we hold our drills.

Any ex-service man who thinks he would like to join our Corps, get in touch with the President, Comrade Alfred Hanson, or Manager Clarence Johnson or Quartermaster Alvin LaChapelle. Don't say you can't play as we all started at the bottom and are not so far along. Come in and get going. Do it now, don't wait.

We noticed that the Grayling Herald-News either does not know we were in Grayling for the Donkey Ball game and played several selections and paraded through their streets to the Fair grounds and back, also at the Fair grounds during the game, or else they don't think we were worth mentioning. Whenever Grayling comes to Grayling our editor gives all the praise he can, whether it be ball teams, hand floats, or whatever. We hope we were appreciated more than the Grayling editor would make us believe.

Wednesday evening the Drum & Bugle Corps gave a party in honor of the Ladies Auxiliary who helped them to the very limit at the Homecoming. Many games were played and several prizes won by both ladies and gents. Music was furnished by a very good orchestra and everyone had a good time dancing. Comrades Adolph Peterson, Harold "Spike" "Chief Bear" McNeven, Orel Levan and Clarence Johnson made up the committee and when it comes to arranging parties this group goes to the head of the class. The dancing, games, music, and comedy by Walter Felke, who is probably one of the snappiest drum majors in the country, went over big, and the delicious lunch served by the cleverest chefs, Comrades Felke and "Blackie" Orel Levan, was heartily enjoyed by about 65 people. What a time!!!

Our city is going to be very fortunate in having the 10th Dist. American Legion meet here on Sept. 16th. Through the efforts of our 10th District Committeeman, Comrade Alfred Hanson we are able to be hosts to this large group of Legionnaires and this meeting is the first since Comrade Hanson received this honored office. More plans and details will be printed next week in this column and complete program of the 10th District meeting. So all you Legionnaires from this District get together on this big day and plan on coming to Grayling.

MRS. ESBERN HANSON ENTERTAINS

A luncheon of beautiful appointments was given by Mrs. Esbern Hanson at her summer home at Lake Margrethe Saturday afternoon.

The luncheon was served to twenty-one guests on small tables scattered throughout the rooms. Garden flowers added to the grace of the party.

Mrs. A. J. Joseph held the high score for contract and Mrs. S. N. Insley of Detroit the high score for auction.

GOLF NEWS

Labor Day the weather was ideal and golf course in prime condition to stage the final golf club activities for the year. This time had been set for the gala day of the club throughout the summer. Prizes were to be awarded and a pot luck dinner served to all members of the club and their families.

In the afternoon a two-ball foursome was played, and won by Mrs. Roy Milnes and Mr. Wilhelm Raab.

At six o'clock a very congenial crowd filled the tables for a pot luck dinner, to which everyone did justice in a big way. Mrs. Roy Milnes, president of the Ladies Auxiliary, then announced that prizes would be awarded to the winners of tournaments which had been played off during the summer season.

The following were recipients of prizes: Mrs. R. O. Courtright, Woman's championship; Miss Jayne Keyport, runner-up; Mrs. Wm. Hill, Consolation; Mrs. Emil Giegling, runner-up; Miss Jayne Keyport, Handicap championship; Mrs. Geo. Olson, runner-up; Mrs. Geo. Olson, Mr. Oscar Hanson, two-ball foursome (July); Mrs. Emil Giegling, 3 blind hole contest; Mrs. Roy Milnes and Mr. Wm. Raab, two-ball foursome (Labor Day).

Mrs. Geo. Kraus, Contract champion; Mrs. Esbern Hanson, Auction champion. A round of applause followed the awarding of each prize. Besides the prizes for which the Club was responsible, donors of prizes included Mr. and Mrs. Geo. Kraus, Mr. and Mrs. H. W. Wolff, and Mr. and Mrs. Fred Burden.

Mrs. C. G. Clippert was chairman of the golf games and Mrs. A. J. Joseph, chairman of the bridge tournaments.

The golf clubs have enjoyed a very active and pleasant year and regret that the delightful associations have been closed for 1935.

Mr. Oscar Hanson has been president of the Golf Club and Mrs. Roy Milnes president of the Ladies Auxiliary for this season.

Mr. R. O. Courtright of Ann Arbor, who has been a very efficient and able golf pro, making many friends here, left for his home, with his family, Tuesday.

Both the men and the ladies have enjoyed playing.

Mrs. Earl Nelson and sons Robert and Richard, returned home Tuesday after visiting for several weeks at Wausau, Wis., with Mrs. Nelson's parents, Mr. and Mrs. J. C. Duerstein.

Mrs. Ed Hardy of Detroit visited Tuesday at the home of Mr. and Mrs. Jerry Sherman. Mrs. Hardy was formerly a resident of Grayling, moving away twenty years ago.

Mr. and Mrs. Patrick Moore and children, Mr. and Mrs. Bernard Brady and Frank Brady, all of Detroit, spent the week end at their cabin at Eagle Point.

Mrs. E. F. Jewell of Maple Forest enjoyed a visit last week from her mother and family, Mr. and Mrs. H. A. McMillan and daughter Kathryn of Ottawa, Ill.

Mrs. Jerry Sherman and her granddaughter, Miss Eleanor Busby, returned home Friday, after spending a week visiting relatives in Flint. James Busby drove down to accompany them home.

Miss Eva Madsen left Monday for Detroit, where she expects to attend school. She accompanied the Ole Wynn family who were returning home after spending the summer at Lake Margrethe.

On Sept. 12th, there will be a health meeting at the Maple Forest town hall at 10 o'clock. A health lecture is in the program and everyone is invited and it will be of especial interest to ladies.

Mrs. Clara McLoud and Mr. and Mrs. Charles Woodbury and daughter, Mary Lou, of Bay City, attended the Quigley family reunion at Selkirk Monday. The Woodburys have returned home after vacationing here for some time.

Mrs. J. C. Burton has sold her property on Michigan Avenue to Floyd McClain and they will be moving in soon. Mr. and Mrs. Gail Clise, who have been living there, are moving to the home of the latter's father, Chas. Fehl.

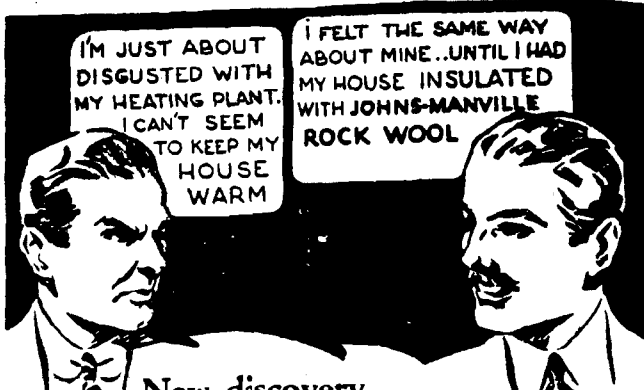

Mr. and Mrs. Herbert Gothro, enjoyed a visit over the week end from Mrs. Gothro's brother, George Hennigar and daughter Beulah, of Port Huron. Miss Ann Davison, of Port Huron, also spent the week end with the Gothros.

Miss Anne Brady had as her guest over Labor Day, Jack Doyle, of Jackson, and his cousin Ed Doyle, of Lansing. They were accompanied on their return as far as Lansing, by Francis Brady who has been visiting at his home for several weeks.

Dewey Palmer attended a meeting of the American Radiator Co. at the offices of the Alert Pipe & Supply Co. in Bay City, Friday night. Schooling in air conditioning proved an interesting subject. Following the business meeting the gathering was entertained at the Republic hotel.

Mr. and Mrs. Grant Shaw attended a reunion of the pupils of the school they attended years ago at Ithaca, Saturday. There were about 80 former pupils there and they report a fine time. They were accompanied by their great granddaughter, Georgiana Dekett.

Mrs. Fern Sarff and son Gene returned Monday evening to their home in the west, Priest River, Idaho, after visiting at the home of her sister, Mrs. Alvin LaChapelle. She thinks Grayling has shown wonderful improvement since she was here before, about five years ago.

New discovery ends DANGER of WINTRY HOMES

—cuts fuel bills 20 to 35%

J-M Rock Wool Home Insulation, the amazing new development of the Johns-Manville laboratories, does wonders for homes that are hard to heat. When installed between the beams in your attic floor or ceiling, it forms a heat-proof barrier more than 3 inches thick.

It imprisons within the home the heat that otherwise would escape, making it easier to maintain even, comfortable temperatures during the coldest winter days. At the same time, it saves 20 to 35% of your present fuel bills.

Furthermore, in summer your home will be from 6 to 12 degrees cooler on the hottest days. Experts agree that only thick rock wool will protect homes in this truly scientific way.

Phone us today and let us tell you how little it will cost to make your home easy to heat in winter... really comfortable in summer.

RESTAURANT ITEMS

This column is being started in a spirit of fun and it is hoped that those who are associated with the various restaurants will cooperate with us by taking it in the spirit with which it is written. After all, it is just good clean fun and if you do not want certain things printed we will be glad to cooperate with you.

Restaurant-goers, who get their daily hamburger and cup of coffee at the Plaza Grill, are missing that special Althea Ely smile, which used to brighten the day for them. Miss Ely left, last week, for Detroit and has been fortunate to secure a position there. We hope she will be back.

Kenneth Clise, at Fischers Hotel, is papa again. The new arrival is a girl, born Friday morning at Mercy Hospital.

George Stanley and George VanPatten made a "very" unexpected trip to Roscommon, Tuesday evening—just a sort of "follow up" trip.

Bill Elliot, formerly on the employee's list at the Grill, has forsaken the bright lights and is wrestling with the three "Rs" again.

Mrs. Alice LaMotte is back on the job at Lovely's restaurant, after a two week's vacation across the Straits. She was in the company of Harold Lassen. Others in the party were Mr. and Mrs. John LaMotte and Miss Betty LaMotte. Everyone had a very nice time.

Miss "Bunny" Montour took up her duties at the Grill again, Tuesday, after spending several days visiting in Detroit.

Wilfred Manderville made a business trip to Flint, Monday.

Solid Rock Becomes Wool
Johns-Manville actually blows solid limestone into a light, fluffy substance that looks like wool but is pure mineral—clean, fireproof, vermin-proof, permanent, odorless. This wool is then felted into "batts" for easy handling and installation between the beams in the attic floor or attic ceiling.

Baseball games were played Sunday and Monday to determine the championship of northern Michigan, Grayling being declared champions. The locals won the last 4 out of 7 played with the Otsegoes. These games Stephens is responsible for have interested fans throughout Northern Michigan. "Tom" bringing the Otsegoes to North Michigan. Sunday game—Otsegoes 2, Grayling 1. Monday game—Grayling 5, Otsegoes 2.

James Knibbs of Maple Forest had a crew of men and four teams working on Bondie dam and last Saturday night when they were returning home a heavy thunder storm came up. They were near dam four and concluded to halt and get under protection. Three teams pulled up and John Howse, John Parsons, Bert Hollingsworth, Albert and Gilbert Vallad got under pine wagon and Merrill Sherman and Arthur Howse sat in one wagon with blankets wrapped around them, when the lightning struck three small trees about twenty feet distant. The boys in the wagon heard one horse fall and get out to investigate. The horse, which belonged to Sherman was killed outright and the other was in a sitting position and every man except those two who had been sitting in the wagon were unconscious. They finally rallied. John Howse was burned from one hand to his elbow. Hollingsworth was burned from one shoulder to his foot. Albert Vallad had one shoe badly torn and the toe burned off.

Earl Hewitt, of C. J. Hathaway's store, went to Bay City Sunday for a few days.

Geo. McPeak left for Hammond, Ind., Tuesday morning, where he is going to work for the Michigan Central Railroad.

A miscellaneous shower was given in honor of Miss Clara Petersen, at the home of her cousin, Miss Louise Peterson.

John Hum, accompanied by A. H. Wetz, were at Knecht's lake about ten miles from here, last Friday, and had a little trouble getting home, for their auto refused to go without the gasoline. They started home about six o'clock Friday night and didn't get here until 10:30 Saturday.

Our Township board has purchased a quantity of new road machinery. We will soon have a stone crusher, engine and roller and four steel dump wagons. It is intended that roads built in this township hereafter are going to be first class and the kind that will last. This machinery will cost the township \$4,280. The first price obtained on the machines was \$4,995 and goes to show that the board has used good judgment in purchasing the machinery. The machinery will be shipped with freight prepaid, thus saving about \$200.

A very pretty wedding was solemnized last Sunday at the farm home of L. B. Merrill when his youngest daughter, Etta Florence was united in holy matrimony to Bernard Eugene Obber of Saginaw.

SPORTS FANS FOLLOW THE AMERICAN BOY

Boys and young men of this city who wish to improve their tennis service, their basketball, or their forward passing talent, or their crawl stroke, can enlist the aid of the nation's foremost coaches and players by subscribing to THE AMERICAN BOY magazine.

When I was in high school, I read a track article in The American Boy that gave me my first clear-cut idea of the western style of high jumping. At practice I laid the open magazine on the grass and studied it as I worked out. That afternoon I increased the height of my jump three inches.

That was a long time ago, but today thousands of future champions just as eagerly follow The American Boy.

"This year," states Griffith Ogden Ellis, editor, "our staff writers have gone to the two summer 1935 seasons of the country—Minnesota and Pittsburgh—for first-hand tips on strategy, blocking, tackling, passing, and the fine points of play. They have interviewed Jack Medina, the world's fastest swimmer, and his coach, Ray Daughters. Gone to Eastern High School of Washington, D. C., Eastern Interscholastic basketball champions. In the past they have followed the Grapefruit Circuit of the major leagues in Florida, sat on the bench at the Rose Bowl, sought out the famous runners, divers, All-American ends, tackles, and backfield men, to bring their story of how to play the game to the young men of America."

"In addition to our fiction, adventure, exploration, hobby, counsel, and vocational help, we shall continue to encourage young men to improve their game in every line of sport."

Send your subscription to The American Boy, 7430 Second Blvd., Detroit, Mich. Enclosed with your name and address \$1 for a year's subscription, \$2 for three years, and add 50 cents a year if you want the subscription to go to a foreign address. On newsstands, 10c a copy.

Crawford Co. Cattle To Be Tested

FREE SERVICE OFFERED.

The Federal Government offers farmers of Crawford county an opportunity to have their cattle tested for Bang's Disease (infectious abortion) without cost and, in addition, will pay an indemnity upon reactors of \$50 for pure bred males or females and \$25 for grade females. This indemnity is paid the farmers in addition to the beef prices of the reactor animals.

Bang's Disease causes abortions, breeding difficulties, retained afterbirths and udder diseases in mature cattle and pneumonia and scours in calves. Occasional cases have been found where the Bang's Disease bacteria in milk have caused a disease in human beings known as undulant fever.

Dr. T. S. Rich, United States Inspector in charge, State Office Building, Lansing, advises that his department is willing to accept supervision of herds providing the owner understands the agreement which he must sign.

The important points of the agreement are as follows:

1. The owner agrees that each animal in his herd over six months of age may be given from one to four tests.

2. After each test the owner agrees to market for slaughter, under Federal or State supervision, all heifers over 6 months of age and cows and bulls which react to the test.

3. Reacting animals are to be kept away from other cattle until marketed or removed.

4. Animals being brought into herds must come from herds definitely known to be free from Bang's Disease.

5. Non-pregnant animals may be purchased from herds not known to be free from Bang's Disease if they are tested and then placed in quarantine at least 60 days before being added to the herd.

6. Pregnant animals which are purchased must pass the test and be kept in quarantine after calving without being rebred for at least 60 days, at which time they must pass a second test before being added to the herd.

7. Only herd sires free from infection are to be used on clean herds.

8. The owner is to continue testing his herd until they pass three semi-annual or two annual tests without any reactors being found. This will make his herd eligible for accreditation as a Bang's Disease free herd as prescribed by the State of Michigan.

Testing in Crawford county will be done some time during August or early in September.

Farmers wishing to take advantage of the opportunity of having their herds tested free should get in touch with Arthur Glidden, County Agricultural Agent, or write directly to Dr. T. S. Rich, 722-723 State Office Bldg., Lansing, Michigan.

COURTS DELAY TWO STATE PUBLICATIONS

Publication of the Public Acts of 1935, as well as the 1935 Michigan Manual (the "Red Book"), has been delayed because of litigation before the state supreme court.

Preparation of the Public Acts has been held up because of the filing by the State's Barbers' Association, of a petition for a writ of mandamus to compel Orville E. Atwood, Secretary of State, to include a "barber" bill in the Public Acts of the 1935 session.

Completion of the Michigan Manual cannot be undertaken until incumbency of the office of Superintendent of Public Instruction is determined by the supreme court. When, on July 1, Dr. Paul F. Voelker, unsuccessful candidate to succeed himself in this position, retained physical possession of the office, Harry S. Toy, Attorney General, filed in behalf of Dr. Eugene B. Elliott, a petition for a writ of quo warranto, challenging Dr. Voelker's right to retain office. The supreme court issued a summons of quo warranto, on September 4, briefs were submitted for the principals in litigation, and oral arguments were heard.

The case will be disposed of either by dismissal of Toy's petition, or by issuance of judgment of ouster for Dr. Voelker. Elliott was appointed Superintendent of Public Instruction by Gov. Frank D. Fitzgerald, after the accidental death, June 22, of Maurice R. Keyworth, successful candidate to that office at his last April election. Keyworth was scheduled to take office July 1.

Pending settlement of both legal actions, all work possible on both books has been completed by the Department of State.

"Little Stories for Bedtime"

by Thornton W. Burgess

LIGHTFOOT THE DEER BECOMES UNEASY

THE Green Forest was very beautiful. It was no longer green save where the pines and spruces and hemlocks grew. Everywhere else it was red and yellow and brown, for it was October and the leaves had turned. All day long and all night, too, for that matter, there was a gentle rustling all through the Green Forest, for the leaves were falling.

All Through the Long Summer Lightfoot Had Lived in Peace and Safety.

Lightfoot the deer was becoming uneasy. It was the rustling of the falling leaves that made him uneasy. You see those falling leaves

had a message for Lightfoot, a message and a warning. It was that the season of terrible danger for him, the hunting season, was close at hand.

All through the long summer Lightfoot had lived in peace and safety. In the early spring his wonderful antlers, which some folks call horns, but which are not true horns, had fallen. Very helpless had Lightfoot been then, but despite his helplessness there had

been no fear in his heart. You see, he knew that there was no one in all the Green Forest, save Buster Bear, of whom he need be afraid. It was an easy matter to keep out of the way of Buster Bear. Besides, there was little cause to fear Buster, for Buster was finding plenty to eat and a full stomach makes for good nature in man and beast.

So all the long summer Lightfoot the deer had lived quietly and in peace while new antlers grew, antlers larger and more beautiful than those he had lost. While these new antlers were growing he kept very much by himself. Now, they were fully grown and he wore them like a crown. He had polished and replenished the points of them by rubbing them against trees. You know, while they had been growing they had been covered by a sort of burry-looking skin, called velvet. They had been soft and tender then. Now that they were hard there was no further use for the velvet covering, and this Lightfoot had rubbed off as he polished his antlers.

As long as the leaves had remained green everywhere through the Green Forest, Lightfoot had been happy and content, but now that the leaves had turned to beautiful colors and were dropping, dropping day and night, he grew more and more uneasy and feared something might happen.

Lightfoot had a good memory and he had remembered the dreadful things which had happened at the time of falling leaves the year before. He knew that the season when hunters with terrible guns would come into the Green Forest seeking to kill him was close at hand. So his uneasiness grew and grew, and in his beautiful great, soft eyes the look of fear grew stronger each day. Only at night was Lightfoot free of it.

Lightfoot shall be unlawful to hunt, take or kill, or attempt to hunt, take or kill any ruffed grouse or pheasant in the lower peninsula, excepting from October 15th to October 27th, inclusive.

Signed, sealed, and ordered published this 19th day of July, 1935.

GOOD THINGS NEW AND OLD

A MOST delicious pie may be made by using prunes with rhubarb. The rhubarb adds zest to the prunes and the two together make a most delightful combination. If both are cooked, fill a baked shell and cover with a meringue, or prepare the fruit and bake slowly in two crusts.

Fruit Sherbet.

Make a sirup of three cupsful of water and one and one-half cupsful of sugar and boil five minutes; add the juice of one lemon and two oranges with a little of the rind of each and a cupful of banana pulp. Peel and scrape bananas and put through a ricer or sieve. Beat the fruit mixture and sirup together, chill and stir in three cupsful of whipped cream, or the whites of three eggs. Freeze to a soft mush.

Braised New Cabbage.

Melt one-fourth of a cupful of sweet fat in a saucepan, add two green apples and two onions finely chopped; cook gently for three minutes, then add one shredded cabbage, three cloves, one-half cupful of vinegar, salt and pepper to season. Cover tightly and simmer until the cabbage is tender.

Tuna Fish Salad.

Soak one-half envelope of gelatin in one-fourth cupful of cold water, add three-fourths of a cupful of hot salad dressing and stir until well dissolved. Add one-half cupful of finely diced celery, one minced green pepper, one can of tuna that has been lightly drained, salt, and paprika to taste. Turn after blending well into individual molds, set away to harden. Serve on lettuce with a sprig of parsley or water dress on top. Serve with a spoonful of mayonnaise.

Summer Squash en Casserole.

Take two and one-half cupsful of cooked summer squash, add three-fourths of a cupful of thick tomato sauce, two tablespoonsful of butter, one and one-half tablespoonsful of salt, one tablespoonful of ground onion, one-half cupful of seasoned chopped meat, fish or nuts, mix well, cover with buttered crumbs and bake until well browned. Eggplant or carrots may be served in the same manner.

The Sun, Winter, Summer. The sun is always in the north in winter, but the difference between the summer and winter temperatures at a given place does not depend upon this fact as many believe. The sun is in the northern sky when it is summer in the southern hemisphere, and in the southern sky when it is winter in the northern hemisphere. The sun's rays strike the earth at an angle in winter, and at a more direct angle in summer.

PUBLIC CONFIDENCE RESTORED BY BANKS

American Bankers Association Describes Its Activities to Aid Better Understanding

NEW YORK. — Eight different lines of activity through which the American Bankers Association is constantly aiming to promote better public understanding and opinion in regard to banking and the attitude of bankers toward legislation are described in detail in a statement made public here by R. S. Hecht, president of the association. The aim, he says, is "to strengthen the real basis for good opinion in regard to the banks" through fostering informative bank advertising in the newspapers and in other ways. The statement was issued in reply to suggestions received urging a nationwide public educational program in regard to "the business of banking and its place in the economic life of our country."

Mr. Hecht declares that "we have tried very hard to convince the public that the banking fraternity has truly profited by the lessons of the past, is determined to approach all questions of banking policy from the broad viewpoint of public welfare and is prepared to carry its full share of the burden in connection with all efforts to restore sound prosperity in this country."

The Means Employed

In describing the various measures of the association "to exert a beneficial influence on public opinion regarding the functions, methods and operations of banks," Mr. Hecht enumerated the following activities:

1. The Public Education Commission, which prepares plain language talks about banking for use of bankers and others before schools, civic clubs and other groups.
2. The Constructive Customer Relations program, installed in many banks to help quality bank employees to provide better service and more sympathetic attitude among their customers regarding banking.
3. The Publicity Department, supplying city and country daily and weekly newspapers with articles regarding banking and allied subjects and furnishing the general press with news and information regarding the activities of the association.
4. The Advertising Department, supplying members of the association with a series of informative newspaper advertisements setting forth in plain, particularly in Washington, in consulting with Administration and Congressional leaders in formulating sound banking legislation and on broad lines of public welfare.
5. The Agricultural Commission, promoting among bankers in the farm belt the idea of installing their farms better financial and operating methods.
6. The American Institute of Banking, having primarily to do with the financial education of the younger banker, but now directing these efforts toward also playing a part in improving public relations for banking as a whole, particularly through stressing the public responsibilities and the ethical aspects of practical banking.
7. The publication of "Banking," the official organ of the association, circulating among bankers, bank directors, business executives, economists, law firms, government departments, libraries, colleges, public schools and other publications, presenting articles regarding banking and banking viewpoints.

The Objective Sought

In commenting on the foregoing program, Mr. Hecht says that it is not "the primary objective to attract attention particularly to the American Bankers Association as such but rather to focus attention on and give impetus to those ideas which it believes are beneficial in promoting understanding and solidarity among banking, business and the public." He adds:

"Our program for the development of satisfactory public relations for banking does not consist merely of newspaper publicity. It is calculated to produce a continuous and cumulative effect by varied efforts which are aimed to work day in and day out to strengthen the real basis for good opinion in regard to the banks."

"To have favorable things said about the banking business in the newspapers and over the radio is the association recognizes, very helpful toward creating a sound public opinion regarding banking. But the most important thing ultimately is to foster throughout the banking profession the doing sincerely of those things that reflect favorably on the sound, helpful practices of the business of banking, and that the true news of its constructive activities will constitute the best answers to attacks and misrepresentations of banks and bankers."

Predicts Farm Loan Expansion

NEW BRUNSWICK, N. J. — With marked improvement in agriculture already apparent, and further improvement confidently expected, a greatly expanded volume of farm credit will be required, especially short-term credit, according to a statement here recently by W. I. Myers, Governor of the Farm Credit Administration, Washington, D. C. He was a speaker at the Graduate School of Banking, conducted jointly by the American Institute of Banking, Section of the American Bankers Association and Rutgers University.

"The majority of farmers who get help credit on time or by charge accounts have a basis for cash loans and should be buying their credit from a bank production credit association or other institutions that sell credit on a business basis," he said.

STATE OF MICHIGAN Order of the Conservation Commission—Ducks, Geese, Brant, Coot, Wilson's Snipe or Jacksnipe, Rails and Woodcock

The Director of Conservation, in compliance with Federal regulations in regard to ducks, geese, brant, coot, Wilson's snipe or Jacksnipe, rails and woodcock, recommends certain regulations.

Therefore, the Conservation Commission, by authority of Act 230, P. A. 1925, hereby orders that regulations on migratory game birds as provided by Act 286, P. A. 1929, as amended, shall be abridged to permit the hunting of waterfowl (excepting ruddy duck and bufflehead) Wilson's snipe or Jacksnipe and coot during the season of 1935 only from October 21 to November 19, inclusive, excepting that it shall be unlawful to hunt waterfowl, coot, Wilson's snipe or Jacksnipe before 7 a. m. or after 4 p. m., and woodcock and rails excepting coot before 7 a. m. or after sunset, Eastern Standard Time: to prohibit the taking of ruddy duck, bufflehead, Ross's Geese, and provide daily bag and possession limits as follows: Ducks, (except ruddy duck and bufflehead)—10 in the aggregate of all kinds, and any person at any one time may possess not more than 10 ducks in the aggregate of all kinds; and not more than 4 geese and brant combined may be taken in one day or had in possession at one time.

To permit the hunting of rails, only from October 1 to November 19, inclusive, in the Upper Peninsula, and from October 15 to November 19, inclusive, in the Lower Peninsula; and providing daily bag limits of not more than 10 per day or 15 in possession of coot, Wilson's snipe and rails; to permit hunting woodcock in the Lower Peninsula only from October 15 to October 27, inclusive, and from October 1 to October 12, inclusive, only in the Upper Peninsula, and provide a limit of 4 woodcock per day and 4 in possession at one time.

To prohibit shooting of migratory birds with a shotgun (automatic or pump) that has a capacity of more than 3 shells; shooting waterfowl over baited areas; using live decoys in taking waterfowl; shooting waterfowl from a blind, boat or other craft that is more than 100 feet from shore or 100 feet from natural growth or vegetation existing beyond shore line and protruding above surface of water at time of shooting; using sneak boat, sink box, battery, power-

An Odd Sight in India

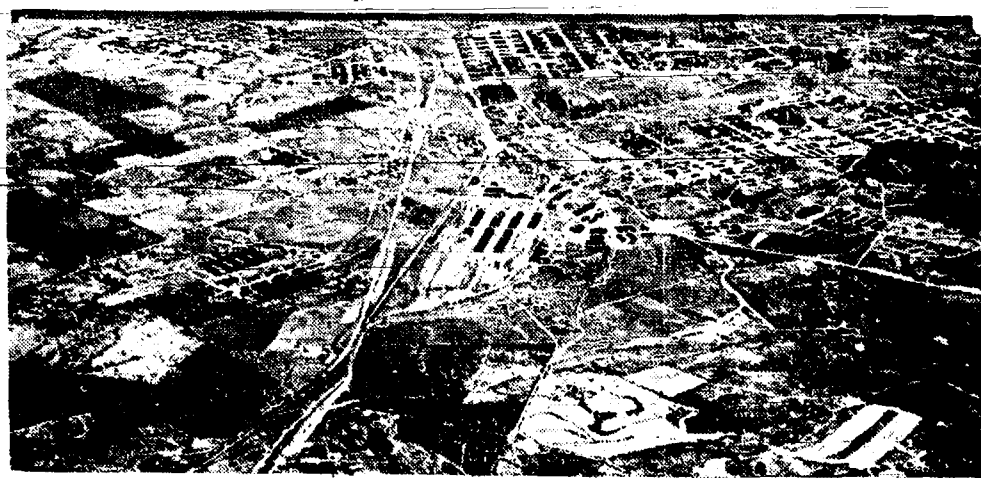

One of the world's oddest sights is at the annual festival in Puri, India, when the god Vishnu takes his annual one-mile ride along Paradise road. In order to solicit pity and alms, hundreds of holy men—each equipped with a secret breathing tube—bury themselves along both sides of this highway, no part of them showing above the ground except their upraised arms.—Collier's Weekly.

"H-the-boy-friends-were just half as light of foot as they are of the head," says stepping Sue, "what wonderful dancers they would be."

Where Uncle Sam Will Bury Billions of Gold

IN PREPARATION for another major transfer of the government's huge gold reserve, secret orders have been issued in Washington for the rush construction of a subterranean vault in the center of Fort Knox (shown here from the air), an army post 31 miles from Louisville. Into the vault will be transferred a good portion of the billions in gold now held by the government in New York and Philadelphia. The structure will be built in continuation of the policy of moving precious monetary reserves away from vulnerable cities on the coast to more isolated inland territory.

Camp News

Camp Higgins

The state headquarters building of this camp is to have two new porches in the near future, one on the front of the building and the other on the side.

Effective the first of the month there were several changes made in assignment of duties for company officers at Camp Higgins Lake. Capt. Murphy is commanding, class A acting finance officer, supply, welfare, and acting quartermaster officer. Lieut. Nielson has charge of the post exchange, utilities, assistant supply, summary court, and executive officer. Lieut. Gill is mess, transportation, and athletic officer, and in addition serves as auditor of the 4th forestry sub-district.

Camp Higgins Lake was without lights for nearly two weeks because of a burned out generator. The unit has been repaired and is again giving satisfactory service.

Friday night the plumbers completed enough of their work on the new mess hall to make it convenient to occupy the new kitchen. The summer kitchen under canvas, which has been used since the mess hall was destroyed by fire May 25th, was dismantled the following day.

Eight camps in the 4th forestry sub-district now are Higgins Lake, Hartwick Pines, AuSable, Houghton Lake, Pioneer, Kalkaska, Eldorado, and Temple, the latter two being veterans' organizations. Camp Higgins Lake is transferred to the sixth, a new sub-district just organized. It is possible there will be two more camps in the 4th later, Bingham and Moorestown, if the expansion program in the CCC continues. Major Chas. E. Howard has succeeded Capt. N. D. Young as commander of this unit.

Members of this camp were called out three times last week to fight small fires in the woods.

A party well attended was given at the mess hall Saturday night as a dedication of that building and an expression of appreciation of extra work done by the men about camp after their regular working hours. An orchestra from Roscommon furnished music and during intermission members of the camp staged a floor show.

Hartwick Pines

Everyone concerned is happy in the knowledge that camp, at last has a new well. After many weeks of uncertainty and delay a vein of water has been reached. The well produces one hundred gallons of water per minute.

Harry Gibbs, with the assistance of James Van Ness, has completed the placing of rocks for his rock garden.

Quite a number of boys availed themselves of the recent holiday and visited their homes. Seventy-five men were held in camp for emergency.

Captain Bryant visited his family in Gaylord on Labor Day and Dr. Gottlieb spent most of the day with his family at Lake Margrethe. Mr. Smith visited friends at Bay View Monday.

Edwin Szlag is now in the office learning the duties of company clerk. Norman Parkinson, the present clerk, expects to leave this camp at the end of the enrollment period.

Two new classes are being organized in the educational department this week. Dr. Gottlieb will give a course in sexology and Mr. Smith will give a course in "Facts About Michigan."

We will soon revive the camp paper after its long sleep of several weeks.

Camp Au Sable

Tex Buchen, formerly principal of the Boyne City High school, is the new Educational Adviser at Camp AuSable. Mrs. Buchen and two children intend to move to Grayling on or about the fifteenth of this month.

Dr. J. S. Raff's wife is seriously ill in Detroit. Camp AuSable and Grayling extend their heartfelt sympathy and the wish for a speedy recovery.

The fight between Duval Reed of Co. 681 and Battling Gerald Flynn of Rose City representing the Upper Peninsula CCC camps did not take place at Mio on September 2nd due to the lack of proper fighting equipment.

Educational work in the CCC camps is based on the following aims:

To develop in each man his powers of self-expression, self-entertainment and self-culture.

YOUNG COUPLE MARRIED SATURDAY

The home of Mr. and Mrs. Alfred Hanson was the scene of a pretty wedding Saturday evening when the latter's nephew Mr. Gordon L. Pond and Miss Eileen M. Purvis were united in marriage. The ceremony was solemnized at 8:00 o'clock, Rev. Hans Juhl of the Danish-Lutheran church officiating. Mr. and Mrs. Henry Thibodeau, of Detroit, the latter who will be remembered as Elsie Vanasse, attended the young couple.

The bride was pretty in a gown of poudre blue silk crepe and her bridesmaid wore a gown of a darker shade of blue. Both wore beautiful corsages of rosebuds, the bride's pink and white and her attendant's were of pink.

Following the ceremony a lovely wedding supper was served by Mrs. Hanson, and besides the bridal party and hosts the guests included Misses Helen Pond and Marie Brown, Carl Sherman, Gerald Herrick, and Rev. and Mrs. Juhl. Red peonies in a basket, the handle of which was tied with white tulle, and a beautiful wedding cake holding a miniature bride and groom formed the table decoration. The groom was born in Grayling and was graduated from Grayling high school with the class of 1930, and the bride has made her home here for several years. Both are popular with their friends and are extended congratulations and best wishes. For the present they are occupying the Alfred Hanson cottage at Lake Margrethe.

SCHOFIELD-LOWE

A wedding ceremony was solemnized Sunday afternoon at the Methodist parsonage, when Miss Arbutus Lowe became the bride of Mr. John Schofield. The marriage was officiated at by Rev. Edgar Flory and the bride and groom were attended by the groom's sister, Mrs. Lawrence Galehouse, and George Lowe, brother of the bride.

The bride is a daughter of Mr. and Mrs. David Lowe and has been employed for some time at the Grayling Laundry and the groom is a son of Mr. and Mrs. Dan Schofield.

Following the ceremony, a wedding dinner was enjoyed at the home of the groom's parents, after which the young couple, accompanied by Mr. and Mrs. Galehouse, left on a two-day honeymoon trip to Cadillac and Manton, attending the Harvest Festival which is held annually at Manton.

Mr. and Mrs. Schofield are at home to their friends at the home of the former's parents, with whom they plan to live for the present.

Their friends extend congratulations and best wishes for a long and happily wedded life.

FORMER RESIDENT PASSED AWAY

Friends of Mrs. John Slingerland will be sorry to learn of her death, Sunday, at the home of her sister, Mrs. T. J. Conarty, at Flint. Mrs. Slingerland, who was 58 years of age, had been failing in health for several years and recently suffered a stroke, while she was living in Pontiac. She was taken to Flint in order that she might be given the best of care, and, Thursday, suffered another and more severe stroke, passing away Sunday afternoon.

Coming here from Frederic, Mrs. Slingerland was a resident of Grayling for about twenty-two years and won the friendship of many friends. Mr. Slingerland passed away several years ago and later Mrs. Slingerland and her son, Wesley, moved to Pontiac, making their home there until a short time ago.

The funeral was held yesterday at Clio, Mich., and interment was in the Clio cemetery. Surviving is one daughter, Mrs. William Sawyer, and one son, Wesley, both of Pontiac; one sister, Mrs. T. J. Conarty, of Flint; and a brother, whose home is in Lake City.

To develop pride and satisfaction in cooperative endeavor.

To develop as far as practicable an understanding of the prevailing social and economic conditions, to the end that each man may cooperate intelligently in improving these conditions.

To preserve and strengthen good habits of health and of mental development.

By such vocational training as is feasible, but particularly by vocational counseling and adjustment activities, to assist each man to better meet his employment problems when he leaves camp.

To develop an appreciation of nature and of country life.

New Strikes In Oil-Gas Fields Spur Interest

National Attention Focused on New Michigan Field Production, Forecasts Large Attendance at State Oil and Gas Exposition

Mt. Pleasant, Sept. 3.—Michigan's oil fraternity was actively engaged this week in preparation for the state's first Oil and Gas Exposition, to be held in Mt. Pleasant September 23-28. The list of exhibitors is being added to daily and nation-wide attention has been drawn to the event.

One of the highspots for visitors to the exhibition will be an inspection of the oil and gas fields surrounding Mt. Pleasant on every side, where new strikes in the past few days have added to Michigan's rapidly-expanding basic industry.

The Millbrook-Belvidere area last week produced four new gas wells whose combined open flow was rated between 25 and 30 million cubic feet per day. McClanahan's West No. 3 was brought in for 3,000 barrels last week to provide further stimulus to the Crystal oil field, already booming and potentially, largest of all the Michigan producing areas. A comprehensive picture of the state's oil and gas industry will be gained from visits to these fields, a half hour's drive from the exposition grounds.

Scene of the exhibition will be the 40-acre Island Park, four blocks from downtown Mt. Pleasant where permanent buildings and a tented city will house a panoramic and concentrated view of the producing, refining, and marketing of oil and gas.

A Miniature Refinery. Roosevelt Oil company, pioneer Michigan independent, announced this week that it would construct a miniature refinery at the exposition, which would demonstrate the actual process of refining oil. During the event, two wells will be in actual drilling operation on the grounds, one using rotary and the other cable tools.

Colonel Roy I. Taylor, exposition president, said this week the number of exhibitors who had asked for space had passed the fifty mark and many more were expected. A large number of those applying were national concerns, although Michigan companies were also well represented. Several of the exhibits were to come from the display featured at A Century of Progress last year.

Industry's Rise Portrayed

The rise and operation of Michigan's newest major industry will be graphically portrayed with relief maps, motion pictures, and other media. The amazing "ragged riches" tale of this newest "big business" in the state will be unfolded for exposition patrons, whose interest will be constantly stimulated by the day-to-day developments in the expanding central state fields.

The exposition will reflect the great Tulsa, Oklahoma, event conducted annually along similar lines, in its presentation of the complete production story, beginning with the piping of oil from the well to storage and refinery, its conversion from crude to gasoline, lubricants and other by-products, and its subsequent marketing to the world.

Governor Frank D. Fitzgerald has been invited to officially open the exposition and many other distinguished visitors are expected to attend.

The program of amusements is rapidly taking shape and promises to be of a calibre seen only at state fairs and large expositions. One of the latest attractions to be booked is the Arizona Hopi Indian Village, which recently closed an engagement at Eastwood Park, Detroit, and is now playing at the state fair in that city. Featured on the extensive list of stellar attractions will be headline vaudeville acts, fireworks, bands, orchestras, airplane stunting, baseball, carnival equipment and other outstanding amusement features of every variety.

CITIZENS HAVING ROAD "BEE"

Rumors are going about town that there will be a "bee" to clean up the present dangerous condition of the shoulders on U. S. 27 within the city limits. The City Council, local merchants and civic organizations have expressed their willingness to participate and it is hoped that the State Highway Department and the County Road Commission will lend assistance to make this movement a success.

The situation as regards this important trunk line is particularly bad because of the high grade of intersecting streets and the stretches adjacent to the pavement which are not surfaced with gravel and which make it quite dangerous to drive off from the pavement.

There has been considerable criticism of the condition of the

shoulders along this highway but owing to the heavy volume of tourist traffic nothing has been done to remedy the situation, feeling that it could be taken care of with more safety later in the season. It is expected that the "bee" will be started in a week or ten days.

Sunday, Clarence Gross and Carl Sorenson made a fishing trip by canoe from the Pull-over down as far as Wakeley's bridge. They had very poor luck, only setting three trout.

Mr. and Mrs. David Visnaw and Mr. and Mrs. Fred Belmore and families of Ste. Clair Shores visited relatives here over the week end and attended the Old-timers picnic in Beaver Creek.

Miss Virginia Hartley left Tuesday for Bay City to join a group of young ladies who left later for Grand Rapids to enroll as students in the Mercy School of Nursing there. Mrs. Hartley accompanied her to Bay City.

Mr. and Mrs. Ernest Bissonette and as their guests over the week end, Mr. and Mrs. Claude Bissonette and Mr. and Mrs. George Bissonette of Flint. They were accompanied here by Bob and Betty Bissonette, who had been visiting there last month.

John Bruun, accompanied by Mr. and Mrs. Walter McClanahan made a trip by plane to Washington, Thursday, landing there just four hours and forty minutes after taking off. While Mr. Bruun was busy with business matters in Washington, Mr. and Mrs. McClanahan continued on to Richmond, Virginia. All returned home Saturday.

Attorney Charles E. Moore today completed negotiations for the purchase of the Geo. L. Alexander office building. He already has his law office located in the building. Since coming to Grayling he and Mrs. Moore have been trying to rent or purchase a suitable house but as yet have not found one they could acquire.

Returning to town from down river, last Tuesday evening, Grant Shaw ran down and killed a coyote that had become blinded by the headlights of the car and was running in the road before it. The animal was about the size of an average dog and was gray in color. Mr. Shaw says it is very pretty and he would like to have it mounted.

Returning from a trip to Mackinac Island Saturday morning, Mr. and Mrs. James McDonnell had an accident when another automobile ran into them, damaging their car and injuring Mrs. McDonnell. She was taken to Mercy Hospital on their return to Grayling and although she was badly bruised, X-rays revealed no broken bones. She was dismissed Wednesday.

Mr. and Mrs. B. E. Smith, of Detroit, who were expected to be week end guests of Mr. and Mrs. Fred Welsh, met with an auto accident near Pontiac, on their way here last Thursday. Their car was completely demolished and they were taken to Hurley Hospital at Flint. Mr. Smith was treated for minor injuries and was dismissed, but Mrs. Smith is still there and although it has not been ascertained just how badly she was injured, she suffered a very badly crushed cheek bone. Their many Grayling friends are very sorry to learn of their mishap.

The Grand Rapids woman who crashed her car into a meat market was probably only doing what a lot of housewives have been thinking.
